Creator 6.0.3 Document Opens Slowly

Created
02/19/2002

Issue

Product
Creator 6

A large document created in Creator 6.0.3 that has locked or grouped elements may take a long time to open.

Platforms
Mac OS 9
Mac OS X

Solution

Resave the document in Creator 6.0.5 or newer. You can download the free update to Creator 6.0.5 at www.creatorsoftware.com/support/updates.shtml.
